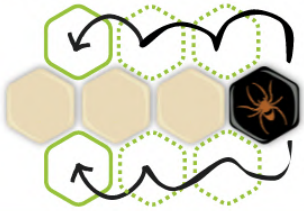
HOW PIECES MOVE

moves 1 space around the hive

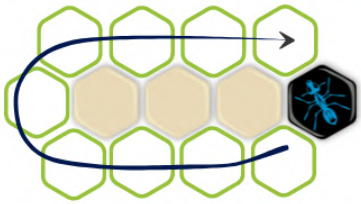
Queen Bee

moves exactly 3 spaces around the hive



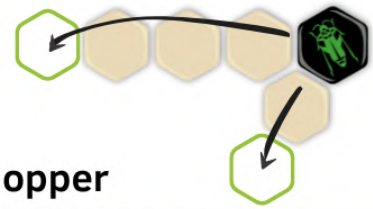
Spider

moves any number of spaces around the hive



Ant

jumps over an uninterrupted line of pieces

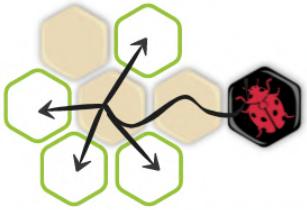


Grasshopper

moves 1 space around the hive, or
climbs 1 space up/down

Beetle

climbs 1 space up, moves 1 space on top of the hive
and then climbs 1 space down



Ladybug

moves 1 space around the hive, or
can lift any piece next to it over itself
to place it down into another adjacent empty space

Pillbug

- a piece just moved by a Pillbug cannot be moved right away
- a Pillbug cannot move a piece that just moved

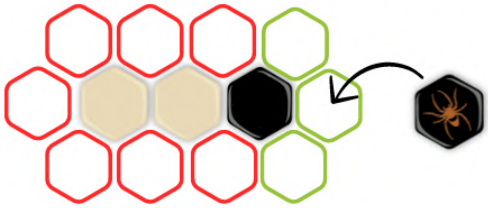
RULES SUMMARY

How to Win

surround opponent's Queen Bee with any colour
(if both are surrounded at the same time it's a draw)

Placing New Pieces

cannot touch opponent's pieces when you add yours

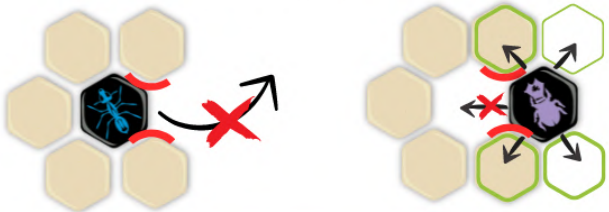


One Hive

cannot move a piece that would split the hive

Freedom to Move

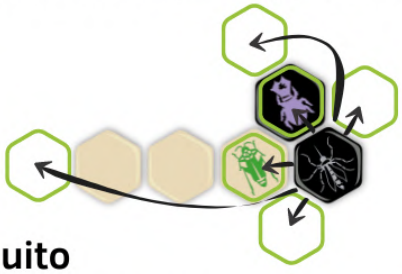
cannot move a piece if it cannot slip in or out
(except Grasshopper or if climbing)



Other Rules

- Queen Bee cannot be placed in your 1st turn and must be placed by your 4th turn
- you can move pieces only after your Queen Bee is in play
- if you don't have any moves available you have to pass (but you cannot pass otherwise)

copies the ability of any piece next to it



Mosquito

- while on top of the hive, can only move like a Beetle
- cannot copy another Mosquito
